My-Portfolio

## OBJECTIVE

Results-driven Frontend Developer with 6+ months of hands-on experience in developing responsive web applications using React.js, JavaScript, and modern web technologies. Proven track record in MERN stack development, API integration, and agile development practices.

Passionate about creating user-centric interfaces and contributing to open-source projects.

Seeking to leverage technical expertise and problem-solving skills in a challenging software development role.

## EDUCATION

### Master of Computer Applications (MCA)

Thakur College of Engineering and Technology, Kandivali (East), Mumbai  
2025 – 2027

### Bachelor of Computer Applications (BCA)

Smt. P. D. Hinduja Trust's KPB Hinduja College of Commerce, Charni Road (East), Mumbai

2022 – 2025

- CGPA:8.0
- Relevant Coursework: Data Structures, Database Management, Web Technologies, Software Engineering

### Higher Secondary Education (Class XII)

Maharashtra State Board

2022

Score: 80% Medium: English

### Secondary Education (Class X)

Maharashtra State Board

2020

Score: 85% Medium: English

- Achievement: Top 10 in Class

## TECHNICAL SKILLS

### Frontend Technologies

React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, TypeScript, Bootstrap, Responsive Web Design

### Backend Technologies

Node.js, Express.js, RESTful APIs, API Integration

### Databases

MongoDB, PostgreSQL, Firebase

### Development Tools

Git/GitHub, Postman API, Visual Studio Code, Figma, Canva

### Other Technologies

Python, CI/CD, Deployment, Debugging

### Soft Skills

Communication, Presentation, Team Collaboration, Problem Solving, Agile Development

## PROJECTS

### Tradix - Trading Performance Tracker

Technologies: MERN Stack (MongoDB, Express.js, React.js, Node.js)  
02/2025 – 04/2025

- Developed a comprehensive web-based platform for traders to track, analyze, and improve trading performance
- Implemented structured journaling features to help users develop disciplined trading habits and identify patterns
- Created responsive user interface with data visualization components for performance analytics
- Integrated secure authentication system and database management for user data protection
- Impact: Enables traders to make data-driven decisions through systematic performance tracking
- Live Link: Tradix

## PROFESSIONAL EXPERIENCE

### Campus Ambassador

GirlScript Summer of Code

07/2025 – 07/2025 | remote

- Promoted open-source development programs through digital marketing and campus outreach initiatives
- Organized seminars and peer group sessions to educate students about open-source contribution benefits
- Guided students through the open-source contribution process and provided technical mentorship

### Frontend Developer Intern

Vaishnav Technologies

11/2024 – 05/2025

- Developed responsive web interfaces using IHTML5, CSS3, JavaScript, and React.js for multiple client projects
- Collaborated with backend development team to integrate RESTful APIs and improve application functionality
- Resolved UI/UX bugs and optimized website components, resulting in improved page performance and user experience
- Enhanced existing website features and implemented new components based on client requirements

### Web Development Intern

CodSoft

10/2024 – 11/2024

- Designed and developed responsive, cross-browser compatible websites using modern web technologies
- Created dynamic web pages with IHTML5, CSS3, JavaScript, and Bootstrap framework
- Implemented frontend logic and basic backend integration using industry-standard development tools
- Collaborated effectively with development teams to meet project deadlines and incorporate feedback

### Open Source Contributor

GirlScript Summer of Code

10/2024 – 11/2024

- Contributed to real-world open-source projects on GitHub, focusing on feature enhancement and bug fixes
- Followed Git best practices including branching strategies, pull request management, and merge conflict resolution
- Improved project documentation and onboarding guides to enhance new contributor experience
- Actively participated in community discussions and mentorship sessions to support collaborative development

## CERTIFICATIONS

### Technical Certifications

- Front End Development Certification
- Web Design for Everybody: Basics of Web Development & Coding Specialization
- Web Designing and PHP Development
- Postman API Fundamentals Student Expert
- Cloud Computing Fundamentals

### Professional Development

- Accenture Nordics - Software Engineer Job Simulation
- Fundamentals of Digital Marketing
- Google Ads for Beginners
- Project-Based Learning Certificate

## LANGUAGES

### English

Fluent (Speaking, Reading, Writing)

### Hindi

Native (Speaking, Reading, Writing)
